

## SAVE UP TO 50% IN ARUBA AT LIBERTY TRAVEL & ENJOY THE BEST WEATHER IN THE CARIBBEAN

Located in the Southern Caribbean and less than a five hour flight from New York City, Aruba is one of the most popular travel destinations in the Caribbean.

There are many reasons why Aruba is so popular. It has one of the highest standards of living in the Caribbean islands, the currency is the Aruban Guilder Florin, which has an excellent exchange rate for US dollars (which are also widely accepted on the island), the beaches are stunning, postcard-worthy settings, and there are many fantastic hotels and resorts.

Aruba also boasts some of the best weather in the Caribbean. The smallest of what are called the ABC islands (Aruba, Bonaire and Curacao, which are all part of the Dutch Caribbean), Aruba sits outside the Hurricane Belt and has a desert climate, making it is one of the sunniest islands in the Caribbean, with very little rainfall. It's a perfect island to escape to during the fall season.
