

## Save On Romantic Escapes To Sandals Resorts In Jamaica With Liberty Travel

For couples looking to escape the upcoming cold season with romantic getaway in the Caribbean, Liberty Travel has just the thing: Discounts of up to 65% on vacations at Sandals resorts.

Couples can choose from seven Sandals resorts located on the island of Jamaica, which is a favorite destination for romance (also a much sought-after destination for newlyweds on their honeymoon), and the perfect place to experience "the Sandals Difference."

All seven Sandals resorts in Jamaica are located directly on a beach, all cater to a couples-only clientele, and all are Luxury Included® (all-inclusive); amenities include unlimited dining and drinks, luxurious accommodations, scuba diving, entertainment, water sports, tips, gratuities and hotel taxes.

Guests also have "Stay at 1, Play at All Sandals" privileges, meaning they can venture to other resorts on the island to try out the pools, beach, bars, restaurants and more. This is an appealing feature for travelers who have enjoyed Sandals in the past, as it lets them sample new Sandals resorts, and also revisit the Sandals resorts that they've stayed at before. (Sandals welcomes many repeat guests, and Jamaica in particular is a destination that many travelers visit more than once).

Prices start at \$789\* per person for four nights at Sandals Carlyle, a quiet and intimate hideaway in Montego Bay. The smallest of the Sandals properties, this resort has the feeling a boutique inn paired with the high-level of standards expected from what is one of the leading hotel brands in the Caribbean. Two other Sandals properties are within five minutes of the property, and transfers are provided throughout the day.
