

Grand Opening Specials At The Only All Inclusive Family Resort In The US

Travelers can now book stays at the Club Med Sandpiper Bay at a special rate. The promotion is in celebration of the all-inclusive resort's Grand Opening following a \$25 million renovation.

Located in Sandpiper Bay Florida, the resort is the only all-inclusive family resort in the United States. From now until December 31, 2010, vacationers can book their stay at \$159* per night in one of the renovated Club Room.

The Grand Opening of the resort is scheduled for December 17th.

Counted among the anticipated enhancements to the 216-acre resort are a sprawling fitness center, accommodations that have been redesigned courtesy of Club Med's collaboration with French architect Francois Champsaur, new restaurants serving international gourmet cuisine, and new facilities for children and teen guests.

To complement the new children's facilities, Club Med has made several new additions to the children's programs, including activities such as a Le Petit Chef and a water park.

More enhancements are on the horizon. A state-of-the-art spa and fitness center will be opening in Spring 2011, and will be expanded to 11,000 sq ft. It will feature an indoor cardio dance studio, yoga studio and outdoor meditation areas with views of the bay, which keep with the brand's vision of vacations that leave guests feeling mentally and physically rejuvenated.
